

POSITIVE REGISTRATION

By paying your bills on time and joining the Positive Registry, you will have a better chance of obtaining better credit, payment installments for purchases and other commercial transactions.

What is Cadastro Positivo?

It is a database that gathers information on the payment history of consumers in general. Specialized companies offer this information service to financial institutions and stores, as a tool for credit analysis and recognition of good payers. The Positive Registry is not restricted to records of defaulters, i.e. good payers. Information on negative relationships with financial institutions is also accessible.

How to join the Positive Register?

Good payers should go to a specialized company such as Serasa Experian and Boa Vista, among others, or go to a Correspondent Bank to sign up for the Positive Register and authorize access to their data by financial institutions.

How do I cancel my Positive Record?

To request the deletion of your Positive Record, you should contact a specialized company such as Serasa Experian and Boa Vista, among others, or go to a Correspondent Bank to cancel it.
